OSA-1303-63

MEMORANDUM FOR: Contract Personnel Division
Office of Personnel

THROUGH : Chief, Military & Mobilization
Personnel Division

SUBJECT : Military Details - Non-Crew Member
Hazardous Duty Pay

1. This memorandum contains a recommendation for your approval. Said recommendation is contained in paragraph 3 below.

2. Certain airmen military details who are assigned to an OSA field base are required to fly on a non-crew member basis as part of their duties during certain operations. However, they cannot be placed on non-crew member orders by the U. S. Air Force because security considerations prevent a full disclosure and thus, an inadequate explanation of the exact nature of their duties. In brief, their duties require them to go aloft during operations for the purpose of acting as a recovery team. The non-payment of hazardous duty pay on a non-crew basis in this instance is to deprive these individuals of a military entitlement.

3. It is requested that authority be granted for direct Agency payment of non-crew member hazardous duty pay when the airman involved satisfies substantive U. S. Air Force criteria for the receipt of such pay. Months for payment will be limited to those in which the individual

lies as part of a recovery team. The identity of airmen who may become eligible for this payment will be supplied so that an appropriate Letter of Authorization may be issued for payment administration by Finance Division.

JACK C. LEDFORD
Colonel, USAF
Assistant Director
(Special Activities)

APPROVED as Military
Entitlement:

Chief, MMPD

Recommendation contained in
